

*Less time driving,
more time living.*

SKYLINE GREENS

BY BERKELEYHOMES

Thanks to a convenient location between the Denver, Boulder and Interlocken business areas and an RTD station close by, living at Skyline Greens means a shorter commute, with more hours for enjoying all the good things close to home. Like going for a run at the Westminster Center Park. And immersing yourself in the hip vibe of the Highlands or the charming ambiance of Olde Town Arvada, both just 10 minutes away. It also means a lot less mowing and snow shoveling, thanks to an HOA-maintained front yard, sidewalks and alleys.

Welcome home to Skyline Greens — an intimate enclave of low-maintenance paired homes in Westminster.

ALL OF THE STYLE.
NONE OF THE WORK.

When your checklist includes a low-maintenance home with shared (and HOA-maintained) green spaces, your own private side yard, and beautiful community views, look no further than the new contemporary paired homes at Skyline Greens.

Each of the three home plans has been designed to reflect your active lifestyle. Ranging from 1,527 to 1,756 square feet with optional basements, each Skyline Greens home feels spacious and bright with open living spaces that are perfect for entertaining, two to four bedrooms with loft and study options, and attached two-car garages.
